

# Hack to End Homelessness | Seattle

"The number one thing I want people to know about homelessness is that we can solve it." - Mark Horvath, [@home](#)

Hack to End Homelessness brings together Seattle's housing advocacy community and service providers with the best minds in technology and innovation. Our goal is to design and build solutions to all forms of homelessness, from the homelessness we see on the streets to the hidden problem of family homelessness.

**Every single member of the Seattle community is invited to play a part in this effort.**

Join us for any one of our events in Pioneer Square May 1-4, 2014, or visit us online at [hacktoendhomelessness.com](http://hacktoendhomelessness.com) to discover how you can help.

- **Thursday, May 1, 5:00 pm:** [First Thursday ArtWalk](#) in Pioneer Square
- **Friday, May 2, 7:00 pm:** Seattle premiere screening of [@home](#) followed by a discussion with Mark Putnam of Committee to End Homelessness-King County and e-activist Mark Horvath
- **Saturday and Sunday, May 3-4:** Hackathon bringing together technologists and subject matter experts to build solutions to the real problems of homelessness
- **Sunday, May 4, TBD:** Capstone presentation event

All events to take place at Impact Hub Seattle in Pioneer Square, 220 2nd Ave S. Register now at [hack2endhomelessness.eventbrite.com](http://hack2endhomelessness.eventbrite.com).

*Hack to End Homelessness is an ad hoc project organized by members of [Impact Hub Seattle](#) in partnership with Seattle University's [Project on Family Homelessness](#) and in collaboration with a broad range of arts, non-profit, public, business, and community organizations.*
