 - Communications Director Committee to End Homelessness King County
 - Team role: Co-product owner, domain expert
 - Superpowers in creating our final story, data gathering and time management,
- •Natasha natasharosenblatt@gmail.com
 - Health Information Consultant
 - Team role: Data set extender, tough data gatherer, duct tape master, solution enabler
 - Superpowers in problem definition, data set gathering. problem solving and data manipulation

Who we are and what we want:

The Committee to End Homelessness is a coalition of stakeholders in King County--from funders to providers to community organizations-- whose goal is to develop strategies and align our efforts to end homelessness in king county

The Problem:

CEH wanted to utilize data from other metro areas to better understand our context – especially

- the need in our community (number of people homeless) and
- our response (number and type of housing units/beds).

Yet with hundreds of data points and hundreds of jurisdictions nationally, analysis and simplification of the results was needed
